TIPS OF THE TRADE

CONVERTIBLE CONVENIENCE

Have you ever noticed when out shopping that an entirely new undergarment is often necessary to pull off the outfit? One thing you can try to make your spring shopping sprees easier is either a convertible or strapless bra. A convertible bra can go halter or cross back and a strapless bra and often comes with clear straps in case you want a little extra support for getting down to boogie. If you like to have the option, ask our girls about some of the following :

CONVERTIBLE STYLES

Breanna: sexy plunge, push up bra offering spectacular shape and cleavage, cups A-C

Liz Oxygen: plunge, demi bra, smooth, great for petite ladies, cups A-C

Alhambra: t-shirt bra, great shape and support, comes with clear straps too! Cups B-E

Shock Smooth: convertible sports bra, beige, seamless, cups B-E

STRAPLESS

Triumph: smooth cup, soft, padding option, comes with straps, cups A-C

Fantasie: unlined, inverted seams for support, snug hold, cups D-F, backs 30-38

Jezebel: low plunge, smooth cup, seamless, classic! Cups B-D

Panache: for the bustier ladies, strong hold! Cups F, FF and G

NO NIPPLES?

We've got them but not all of us want them to pop up unexpectedly! Try t-shirt bras, which are lined so those nipples won't show through. We have many styles and sizes that our staff will be happy to help you with. Now available in an even greater size range, cups A-F!

tuck it in!

One kind of not so gorgeous underwear that is often required in the spring/summer is control panties! These very helpful under garments help us ladies look, oh so sleek, in our slim fitting outfits. Thankfully, they're a tad more streamlined today than they have been in the past. Look for new styles from Nancy Gantz and Alquimia. We have high-waisted briefs and shorts with great tummy control as well as some very seamless briefs with a touch of lace to make things less Bridget Jones.
